THE PERIODICAL KEY PROVIDES

help in making the best use of these excellent magazines

A careful look at this issue will show how it helps make better use of magazines now available to you.

IT'S

WORTH A LITTLE MONEY TO SAVE A LOT OF TIME!!

TREASURE HUNT

Once there was a young man who purchased from a highly skilled locksmith a key which was said to fit the lock to a room filled with fabulous treasure. The young man felt he had made a great find but he never quite got around to seeing just how the key fit into the lock and so, through the years, the treasure lay untouched and the young man survived in moderate wealth—enough, that is, for the essentials—but never seemed to have enough to make life a real joy.

The treasures, from the standpoint of personal living and church administrative help, found in our Methodist periodicals are fabulous and you are holding in your hand the Key which will make them truly your own. However, this Key must be used to be effective. It is at this point of use that we Methodists fall down in relation to all our fine church literature. We haven't the time to read all this material and looking through it at random to find what we particularly need is also too time consuming so, we leave the treasure untouched.

Our PERIODICAL KEY is an effort to index all these other magazines to make possible finding just what you want quickly. Through a careful look at the various headings found here you will quickly become aware of those sections which hold answers for you in whatever church position you may be. Watch these sections regularly and they will direct you straight to the very articles you will find most helpful.

Month after month of this kind of careful, directed reading will bring results in personal confidence, deepened spiritual life and more efficient execution of your church duties. Oh, yes, and a lot more fun in the process.
